# Alejandra Michel

## Onboarding Specialist

For the month of January, we would like to shine a light on Alejandra Michel. Prior to starting Care Partners, she worked at an optometrist as a front desk receptionist—working her way up to taking on the role of an optician for 3 years. In this position, she assisted optometrists with patient optical needs. Though she loved her job, she believed she was capable of more as she always envisioned herself taking on more of a Human Resources role. Alejandra has an interest in assisting with document completion and having a full understanding of the back end of running a company and employee onboarding.

Alejandra started her journey at Care Partners on January 3, 2022, as a Talent Acquisition Sourcer. In this position, she would source and prescreen new applicants and determine those eligible for interviews. By her fourth month, she took on the role of our Onboarding Specialist. This sparked her passion for Learning and Development.

Her overall responsibility as the Onboarding Specialist is to ensure all new hires have a smooth transition from their interview to their first day in the field. More specifically, she assists with providing correct documentation and ensuring the completion of documents—HCA applications, coordination of clinic visits, etc. She conducts new hire orientations and meet and greets. She also monitors the number of new hires working, and is continuously searching for innovative ways to improve the onboarding process for our candidates and the Recruiting & Client Care Coordinator team.

In the near future, she would like to continue her journey at Care Partners for many years. She hopes to continue to develop herself as a leader, and to eventually have an onboarding team for both home care and internal hiring. She is confident in her work ethic and sees her potential to be an impactful leader.

In her free time, she loves to visit San Diego as this is where she was born and raised, but most importantly to visit her family. Alejandra loves trying new food spots and loves to go out dancing with her sister. She loves going to Universal Studios, and spending time with her Care Pet-ner, Luna! As of recent, Alejandra discovered a new interest in reading and has read 3 books since December. Lastly, she has become very interested in the spiritual world and is constantly looking for new ways to get more in tune with herself through meditation.

**Fun Fact:** Alejandra has a deep passion for elephants. So much that she got one tattooed on her arm. Elephants popped up in some of her hardest times growing up, and after researching their spiritual meaning, she has been pretty obsessed with them ever since. She has about 15 elephant statues, drawings, stuffed animals in her home from different places she has gone as souvenirs!

# NEW YEAR, NEW PARTY

IF YOU CAN HEAR  
ME, CLAP ONCE

On January 6, 2023, the Care Partners Team rang in the new year with our annual holiday party. Though this event was slightly different compared to previous ones, it was an amazing time spent with both the Home Care Team & Transitional Medicine Team. The event consisted of delicious food catered by Newport Rib Company, and refreshments from the local Costco. There were plenty of accomplishments in 2022, and as our organization continues to grow, we are excited for what 2023 has to offer.
